Doug Bybee	Sherwin Williams Co.
------------	----------------------

***Others***

Garry Pettriess	GPI	Duane Mensch	GPI
Tony Serdenas	GPI	Bob Meade	GPI
Duane Thomas	FHWA	Rick Younce	UKTC

**A. Pre-Bid Conference**

The meeting was convened at 9:15 A.M (Eastern Time) by Greg Kreutzjans, of KYTC District 6.

**Question and Answer**

Q: Nick Grillis from Cosmos Comprehensive Construction asked what is the blast profile suppose to be.

A: Bob Meade stated that the profile should come from the coatings manufacturer.

Q: Nick Grillis from Cosmos Comprehensive Construction asked if the film thickness also came from the coatings manufacturer.

A: Bob Meade stated yes.

Q: Bob Meade from GPI asked if after the first 5000 ft<sup>2</sup> do they need to do one anchor profile per shift or more than that.

A: Mike Canchola stated probably more than that.

Q: Bob Meade from GPI asked if it would be O.K. to say in lieu of the clear sealer if it can be agreed to between the QC and QA, photographic records would be used for the test patch.

A: Greg Kreutzjans stated yes.

Q: Penelope Dourountakis from Cosmos Industrial Services, Inc. asked if the person going on the field review could be any representative of their company or does it have to be a person that could bind a contract.

A: Bob Meade stated that it had to be someone that could bind the contract.

Q: Nick Grillis from Cosmos Comprehensive Construction asked if they could take measurements on the bridges tomorrow.

A: Bob Meade stated yes, they could tomorrow but there will not be enough time to do that today.

Q: George Atsalakis from Atsalis Brothers Painting asked if KYTC was holding the 5% on the entire job.

A: Mike Baase stated that it is structure and control area specific.

Tom Mathews from KYTC discussed the addendums for this project and stated that they were on the KYTC website.

Q: Vladimir Bozovic from VHP Enterprises, Inc. stated that he understood that they could not work in both districts at the same time but asked if they could have two or more crews working in the same district at the same time.

A: Bob Meade stated yes, as long as it is in compliance with the temporary traffic control.

Q: Mike Baase from KYTC asked if there are any shift restrictions.

A: Greg Kreutzjans stated that there were no restrictions.

Meeting was adjourned at approximately 10:35 A.M.

Minutes submitted by: Rick Younce

**DISTRICT 6  
IM 75-4 (060) 110  
FD52 121 0075 110-186  
Pre-Bid Field Review Questions**

Q. 1.) Do the middle pier bearings get painted in contract?

**A. Yes, all structural steel bearings will be painted as indicated in this contract.**

Q 2.) What is the vertical clearance over the railroad at bridges  
MP 059 0075 B00095L 185.78 and MP 059 0075 B0095R 185.78

**A. This information will be indicated in the existing bridge plans, but the contractor is responsible for field verifying all dimensions. The plans can be obtain through Richard Powell, KYTC Division of Structural Design (502) 564-4560.**

Q. 3.) Can the contractor mobilize from the deck of bridge  
MP 008 0075 B00075 158.78?

**A. Yes, provided that all criteria is met in accordance with the Temporary Traffic Control Plan.**

Q. 4.) Can the use of Black Beauty blast abrasive be use for bearings on the concrete bridges?

**A. No.**

**Q. 5.) Should the contractor test soil for lead beneath bridges?**

**A. Not required by the contract.**

**Q. 6.) Will the contractor be permitted to perform non-surface preparation and non-painting activities i.e. rigging outside the seasonal limits as indicated in the Standard Specification (614.03.02)?**

**A. Will be discussed at the Pre-Construction meeting on a case by case basis.**
